EXPERIENCE

Lead Software Engineer

Jan 2014 — Mar 2022

Ring System Development Inc - Philippines, Cebu

- Built, tested, and deployed scalable, highly available, and modular software products.
- Drafted comprehensive reports to document bugs and design flaws.
- Shared knowledge and provided technical assistance to other team members within areas of expertise.

Senior Software Engineer

Mar 2022 — Aug 2024

Eviden (Atos Group) - Philippines, Cebu

- Develop, maintain, and support new desktop and web applications.
- Redesigned client's web-based application.
- Presenting new features to stakeholders and customers.

Senior Software Engineer

Sep 2024

Workbeaver - Philippines, Cebu

- Built the Electron-based desktop client, creating a modular component library that reduced new feature ramp-up time.
- Collaborated with the backend team to implement the 'show & tell' learning interface, converting single user demonstrations into fully automated workflows.
- Developed and launched the company's marketing website from the ground up, applying UI/UX best practices to deliver a high-performance, fully responsive experience across all devices.
- Engineered custom internal tools for the marketing team, automating campaign reporting and lead-generation processes to streamline operations.

EDUCATION

University of Cebu (BSIT)

2009 — 2013
